Dear Mr. Kossack,

Thank you for clarifying in your response to my previous email about Secretary Lawson's comments and your communication or rather, lack thereof, with the Minnesota Voters Alliance.

I am still wondering about my formal request. To give you a sense of the root of my questions, for example, we had a fully developed agenda for the New Hampshire meeting--but I am at a loss to understand how that agenda was formed, how the witnesses who testified were chosen or invited, or even what our goal was for that meeting. The documents I am requesting are so that I can fully participate as a commissioner. If I know who's doing what, and how I can more fully participate, then I can better fulfill my role as a Commissioner.

It is clear that someone is working on something and talking to others, and I should be a part of that work and those discussions.

I hope this clarification will help expedite my request.

Matt Dunlap  
Secretary of State and Commissioner,  
Presidential Advisory Commission on Election Integrity
