That could work as it would only be a 2.5 hour drive for us to pick it up. However, if [redacted] is picking stuff up, maybe they can drop it off in [redacted] on their way back. I don't know how that works though. We had a [redacted] that we used on a case and someone from TOSC came on [redacted] and picked it up. It's possible we can catch them on a run up this way or out West. I will check into that.

b7E

Thanks,

[redacted]

Hi [redacted]

I have our logistics guy working on what it would cost to ship it, but we could make other arrangements. For example, we could consider th [redacted], like [redacted] and [redacted]. We start by driving the [redacted] to FBI [redacted] office, drop it off, and they drive it to FBI [redacted] Field Office. Lastly, you drive up to [redacted] pick up the trailer and drive it back to [redacted]. Or, if you have another idea, please let us know. [redacted] ERF.

Hello [redacted]

No problem, your timing is perfect. The [redacted] were delivered a couple of months ago. We are working with Machine Processing Unit (MPU) to get them outfitted with the necessary parts to mount the LPR cameras [redacted] and I am [redacted] should be ready in a couple of weeks.

b6
b7C
b7E

Sorry for the delay but, it took a while to get them through the requisition process and special parts required for the application.

If you have any questions, please feel free to give us a call.

Chief approved. At the bottom of this e-mail there is an attachment that contains helpful instructions; please pay special attention to the photograph requirements. Please provide the following for the FY 2011 OTD Annual Report:

1. **Please Do Not Include Mission Statements!** Describe your Unit's roles and responsibilities (without using the word *mission*). We want to make this report engaging, yet a light and easy read.
2. **Unclassified Year-End Numbers/Statistics of some sort should be included.** For example, the number of ELSUR discs produced, number of tours given, number of TMD requests, number of packages shipped, number of audio, visual and image exams, number of terabytes processed, number of hours of instruction, number of systems installed, etc. are all good examples from various units of statistics. If you do not have a single statistic to provide, be sure to include info. on significant accomplishments and/or cases. *Note:* At the end of the fiscal year, a follow-up e-mail will be sent to request final year-end stats. Leave a placeholder for final totals or provide the most current statistics for your Unit's submissions.
3. **Please Submit New Unclassified Photographs** depicting the Unit's function and/or role in OTD. Avoid "yearbook photos" (or in other words people simply smiling into the camera). If people are in the photos please have them actively doing something. Tools, machines, equipment, etc. are acceptable. **Please remove your badges when taking photos. The more pictures submitted the better.** SRU has a camera available if you would like to take photographs and submit them for the Annual Report. Call or e-mail me to schedule a date and time. **Do not include photos pulled from the Internet.**
4. Submit write-ups focusing on employees who have received special recognition (i.e. Director's Awards, Attorney General's Award, Fellowships, etc). Please provide sufficient information, a few paragraphs if possible AND an official photo.
5. Submit photographs you may possess from high-level visitors to OTD, the OTD All Employee Conference, the OTD TI/TM Conference, etc.

Last year's report can be viewed on the OTD homepage by clicking on the "Resources" icon in the center of the page. Then, click on the "OTD Annual Reports" link at the top of the page. SRU has extra hard copies should you need one for easy reference.

If you have any questions or concerns, please don't hesitate to contact me. Thanks.

Hi [redacted]

Things are going great. The server is working just fine, so thanks again for all of your help.

b6
b7C

Regarding the [redacted] mentioned below, do you know when it will be replaced? Also, will we automatically start collecting on it when it is operational?

b7E

Thanks again.

FBI-243-ALPRS

Ok, cool, thanks [redacted] Hey, I have another question. I was meeting with the CDC yesterday doing the MOU with [redacted] and she asked if we had thought about the SOPs for this thing. I hadn't really. One thing she asked me was who will "maintain" the system or fix it when something goes wrong (I should say "if" something goes wrong right?) Would that be your group [redacted] I would think if it was a computer problem the IT folks at [redacted] could take a look at it, but if it something more than that, I wasn't sure who that would be.

b6
b7C
b7D
b7E

Classification: UNCLASSIFIED
=====

Guys,

I received an e-mail from [redacted] (Chief Information Officer [redacted] regarding meeting at [redacted] to work out some of the issues both [redacted] presented. It seems [redacted] new LPR hardware was a bit under spec'ed and they will most likely have to replace it in the new few months, however, he still feels we should meet. I spoke with [redacted] secretary and here are the possible dates/times:

b6
b7C
b7D
b7E

June 9th: 11:30am
June 10th: 12:00pm
June 16th: 11:30am

His secretary advised that his schedule fills up fast and we would most likely only have an hour of his time, so it's very important that we all arrive on time. Please let me know ASAP if any of those dates work as I need to let his secretary know. I will also send out a Blackberry. Thanks.

Hi [redacted]

Is there any way I could get a look at [redacted] ELSAG database? Before running up there with software to test, I'd like to look at their ELSAG database schema to make sure it is aligned with my understanding of what the database should look like. I'd also like to check their server to make sure it has the required support services [redacted] and I wanted to check their CPU load on the server to make sure there was additional margin for running our software.

b6
b7C
b7D
b7E

If everything lines up as anticipated, the software should be ready approximately 1 week after I have confirmed the aforementioned items. (I want to run a stress test down here to make sure I don't screw up there system).

Take care,

[redacted]

<< File: ST EXPO Displays.xlsx >>

EAD Grever plans on acknowledging the winners of the STB Innovation and Collaboration Awards. Details at the present time are still being ironed out, but it will go something like this on Thursday, 9/15/2011, in the Courtyard:

- 9:00 a.m. Opening of the 5th Anniversary ceremony
- 9:05 a.m. Director's (if possible) remarks
- 9:15 a.m. EAD Grever's remarks
- 9:25 a.m. Announcement of award winners
- 9:30 a.m. Expo kickoff

For those employees who would like to attend, I'd suggest the employees arrive no later than 9:00 a.m. and meet in the Courtyard.

On another note, we plan on having the displays setup for the expo, if possible, the day before on Wednesday, 9/14/2011, so that we can iron out last minute details. We will be using the Webster (Flag) Room, Courtyard and, if additional space is needed, the Mezzanine Level.

[Redacted]

I am glad you called. I have been busy with other projects and finally got a chance yesterday to [Redacted] 1 of the 2 [Redacted] we have currently. So far, I have spent most of today doing rework. Needless to say, I am VERY disappointed.

b6
b7C
b7E

I have reattached the drawings that I sent on 9/8/11. I referenced everything to the bottom edge of the front, let me know if you need me to reference the dimensions differently. The most critical dimensions are the sizes of the [Redacted] holes, the distance from the bottom of the [Redacted] holes to the 4 bolt patterns on the side, and the spacing between the 4 bolt holes.

b7E

Sincerely,

[Redacted]

Mechanical Engineer

All,

See below for key reminders and additional updates for the S&T Expo:

Schedule: 1/13/11 - Arrive at HQ by 10:30AM and on 1/14/11 – Arrive at HQ by 8:00AM

- For those of you that requested HQ Parking Passes, they will be available at the Security Booth on 10th Street. Ensure you park in the . It may also be helpful to leave the keys in the vehicle in the event someone that is parked in the rear has an emergency and needs to leave. For any last minute needs for additional Parking Passes call
- For those of you traveling via the Van, will be the Van Driver. **On 9/13/11, meet @ 9:30AM in front of the ERF Main Entrance and @ 6:30AM on 9/14/11.**
- If you have not been to HQ recently you may need to get your badge re-activated at the Visitor Center (so plan accordingly).
- The Trucks will arrive at HQ at 10:30 on 9/13/11 and will be unloading the items on the Loading Dock. The Truck will return to HQ on 9/14/11 and will be at the Loading Dock at the end of the Expo.

b6
b7C
b7E

Expo Layout:

- The S&T Branch has prepared the attached documents for the listing of all the displays that will be at the Expo, the first column "Table #" is associated to the PDF this will show where each display will be located. The last column Webster/Courtyard shows the location of where your display will be. The STB will place

staff to assist also.) The Expo starts at 8:00am and will end at 4:00pm. Note: If you are driving separately please ensure you are there prior to 8:00am.

Headquarters Parking Updates

- As noted in attached, I have requested HQ Parking Passes for those of you that have requested passes. The passes will be available at the Security Booth on 10th street. You will park in the [redacted] area for carpool vehicles only located [redacted] Please remember to bring your SACs Badge. b7E
- For any last minute needs for additional Parking Passes call [redacted] and request a Pass.
- If you have not been to HQ for a while you may need to have your badge reactivated at the escort desk.

Trucks

- All Trucks should arrive at HQ at 10:30AM on 9/13/11. The trucks are to go to the loading dock on [redacted] and HQ staff will assist in bringing the gear/equipment to the Webster Room/Courtyard. You can borrow a pallet jack from them to assist in the unloading of the gear. The TRU [redacted] Vehicle will park in the Courtyard. b7E

Expo Layout

- The S&T Branch will have a lay out map so OTD's presenters know where to set up their exhibits in the Webster Room. They are working with facilities and security to ensure all the logistical issues are addressed. Representatives from the S&T Branch will be on-site at the Courtyard/Webster Conference Room for any needed assistance.

Other Updates/Information

- [redacted] b7E
- Dress Attire is Professional Dress or your Unit Shirts and Khakis (no Jeans).

Key S&T POCs

- [redacted] b6 b7C

Thanks so much for all your assistance and support! If you have any questions, please give me a call.

Hi [redacted]

b6
b7C

Today we do not have an LPR camera that can reach [redacted]. We are working with the LPR manufacturer to develop an LPR [redacted] that will meet that requirement. The [redacted] we expect to receive sometime around the December 2011 time frame. I will keep you abreast of any information about this product as it becomes available.

b7E

If you are interested in our current inventory. We do have LPR equipment that can reach up to approximately [redacted]. We also have different types of LPR [redacted] to choose from.

We can also do some creative things to hopefully meet your requirements, so please let us know if you would like discuss other potential options.

Additional Information for the LPR Program!

Classification: UNCLASSIFIED

=====

[Redacted]

b6
b7C

From the meeting that we had with you two weeks ago, I owed you some information.

First, you wanted to know how many license plate records we have collected thus far... Based on the information that we have collected, we can say that we have collected approximately [Redacted]. On average, we collecting about [Redacted] per day.

b7E

Next, you asked which field offices are using the LPR technology and what types... For our LPR field deployments, please see the list below:

[Large Redacted Area]

b7E

We currently have 8 TMD request for additional LPR systems. Here is a list for the following locations:

[Redacted List]

b7E

[redacted] please let me know if I missed anything or if you require additional information.

Have a great weekend!

I wanted to thank you for taking time out of your day to brief me on the LPR. It is a much more comprehensive program than I thought and obviously, both you guys have put an awful lot of time and effort into it. It is a great program with great potential given the plans you have briefed me on. I hope to get you the widest possible exposure for it and see it continue to evolve and become part of the FBI's arsenal.

Thanks

LPR Support

Sent: Friday, November 04, 2011 3:36 PM

To:

Cc:

Hi

I just talked to [redacted] per the LPR requirements for contract support, ie [redacted]. You have my approval for all initiatives required to support these efforts. If the man wants to run with this we're going to feed him. Be aware that this year we're going to be funding with both [redacted] allocations so there'll be a bit more to do with invoicing.

FYI

Hi [Redacted],

I'm still waiting to get the info on our [Redacted] This was actually for the Navy not the Army. The Army is buying the licenses without the requirement for the certification but Navy is requiring it. [Redacted] is supposed to be required for anything going onto a Government network. So we have now the Navy and some Airforce fields asking us to have this done. We are close to being finished and I have asked for the details for you. I will let you know as soon as I hear anything on it.

b6

[redacted] - I don't believe that [redacted] covers LPRs.

b6
b7C
b7E

Things to consider when completing the Privacy Threat Assessment (PTA). I'm not a lawyer, but have done a little research on the subject when I was in TICTU.

The Privacy Threat Assessment (PTA) determines whether a full blown Privacy Impact Assessment (PIA) is required; OGC's PCLU is the final authority on whether it's required. [redacted]

b5
b6
b7C

[redacted] Personally Identifiable Information (PII); however, the Privacy Act is concerned with "records maintained on individuals." Four (4) definitions are important: Personally Identifiable Information, Sensitive Personally Identifiable Information, Records, and System of Records.

Personally Identifiable Information is defined by FBI Corporate Policy 0179D as "Personally Identifiable Information (PII): Information that can be used to distinguish or trace an individual's identity, such as their name, social security number, biometric records, etc. alone or when combined with other personal or identifying information that is linked or linkable to a specific individual, such as date and place of birth, mother's maiden name, etc. (OMB Memo M-07-16)"

Sensitive Personally Identifiable Information is defined by FBI Corporate Policy 0179D as "Personally identifiable information including name and one or more identifiers (such as SSN, DOB, or passport number) which, if lost, compromised, or disclosed without authorization, could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual."

Record is defined by the Privacy Act as "...any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, his education, financial transactions, medical history, and criminal or employment history and contains his name, or the identifying number, symbol, or other identifying particular assigned, such as a finger or voice print or a photograph;..."

System of Records is defined by the Privacy Act as "...a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual;..."

So...while license plate information alone can be personally identifiable information and/or a record, it is not sensitive personally identifiable information...nor is a database of license plate information a system of records if the plate is not retrieved/retrievable by name. Note: Privacy Act only requires Federal Register notice for a system of records.

Exemptions exist for: 1) system of records "maintained by an agency or component thereof which performs as its principal function any activity pertaining to the enforcement of criminal laws...and which consists of... information compiled for the purpose of a criminal investigation, including reports of informants and investigators, and associated with an identifying individual..."

Things to consider when completing the Privacy Threat Assessment (PTA). I'm not a lawyer, but have done a little research on the subject when I was in TICTU.

The Privacy Threat Assessment (PTA) determines whether a full blown Privacy Impact Assessment (PIA) is required; OGC's PCLU is the final authority on whether it's required. [redacted]

b5
b6
b7C

[redacted] Personally Identifiable Information (PII); however, the Privacy Act is concerned with "records maintained on individuals." Four (4) definitions are important: Personally Identifiable Information, Sensitive Personally Identifiable Information, Records, and System of Records.

Personally Identifiable Information is defined by FBI Corporate Policy 0179D as "Personally Identifiable Information (PII): Information that can be used to distinguish or trace an individual's identity, such as their name, social security number, biometric records, etc. alone or when combined with other personal or identifying information that is linked or linkable to a specific individual, such as date and place of birth, mother's maiden name, etc. (OMB Memo M-07-16)"

Sensitive Personally Identifiable Information is defined by FBI Corporate Policy 0179D as "Personally identifiable information including name and one or more identifiers (such as SSN, DOB, or passport number) which, if lost, compromised, or disclosed without authorization, could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual."

Record is defined by the Privacy Act as "...any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, his education, financial transactions, medical history, and criminal or employment history and contains his name, or the identifying number, symbol, or other identifying particular assigned, such as a finger or voice print or a photograph;..."

System of Records is defined by the Privacy Act as "...a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual;..."

So...while license plate information alone can be personally identifiable information and/or a record, it is not sensitive personally identifiable information...nor is a database of license plate information a system of records if the plate is not retrieved/retrievable by name. Note: Privacy Act only requires Federal Register notice for a system of records.

Exemptions exist for: 1) system of records "maintained by an agency or component thereof which performs as its principal function any activity pertaining to the enforcement of criminal laws...and which consists of... information compiled for the purpose of a criminal investigation, including reports of informants and investigators, and associated with an identifying individual..."

[redacted] - I don't believe that [redacted] covers LPRs.

b6
b7C
b7E

Things to consider when completing the Privacy Threat Assessment (PTA). I'm not a lawyer, but have done a little research on the subject when I was in TICTU.

The Privacy Threat Assessment (PTA) determines whether a full blown Privacy Impact Assessment (PIA) is required; OGC's PCLU is the final authority on whether it's required. [redacted]

b5
b6
b7C

[redacted] Personally Identifiable Information (PII); however, the Privacy Act is concerned with "records maintained on individuals." Four (4) definitions are important: Personally Identifiable Information, Sensitive Personally Identifiable Information, Records, and System of Records.

Personally Identifiable Information is defined by FBI Corporate Policy 0179D as "Personally Identifiable Information (PII): Information that can be used to distinguish or trace an individual's identity, such as their name, social security number, biometric records, etc. alone or when combined with other personal or identifying information that is linked or linkable to a specific individual, such as date and place of birth, mother's maiden name, etc. (OMB Memo M-07-16)"

Sensitive Personally Identifiable Information is defined by FBI Corporate Policy 0179D as "Personally identifiable information including name and one or more identifiers (such as SSN, DOB, or passport number) which, if lost, compromised, or disclosed without authorization, could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual."

Record is defined by the Privacy Act as "...any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, his education, financial transactions, medical history, and criminal or employment history and contains his name, or the identifying number, symbol, or other identifying particular assigned, such as a finger or voice print or a photograph;..."

System of Records is defined by the Privacy Act as "...a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual;..."

So...while license plate information alone can be personally identifiable information and/or a record, it is not sensitive personally identifiable information...nor is a database of license plate information a system of records if the plate is not retrieved/retrievable by name. Note: Privacy Act only requires Federal Register notice for a system of records.

Exemptions exist for: 1) system of records "maintained by an agency or component thereof which performs as its principal function any activity pertaining to the enforcement of criminal laws...and which consists of... information compiled for the purpose of a criminal investigation, including reports of informants and investigators, and associated with an identifying individual..."

Hi [redacted]

b6
b7C

How about the week of the 26th?

Let's shoot for Tuesday or Thursday.

Regards,

[redacted]
Video Surveillance Unit (VSU)
License Plate Reader (LPR) Program

Ok men, it appears we are good to go...we don't let no stinkin' attorneys stand in the way of progress!

Per our conversation yesterday [redacted] please let me know some dates that you all are available to install the equipment. I want to let [redacted] know so we can try to find a mutually agreeable time. I know it's that time of year when people start taking time off...

b6
b7C
b7D
b7E

Thanks.

M
