Attached are draft guidelines for the LPR. It mirrors the video surveillance guidance/policy that's already been vetted by OTD legal. There are a few items that I highlighted in red that stand out of the previous policy. This is a work in progress (that has be complete before [Redacted] meeting on Friday). In your review, please be as critical from the view point of devil's advocate as necessary.

[Redacted]

Thank you for returning my call this morning. I am looking for guidance on [Redacted] associated with License Plate Readers. I was able to reach [Redacted] who directed me to [Redacted]. She has been very helpful in getting me started on this process and has forwarded me some material to review. I think I'm heading down the right road now.

b6  
b7C

28 CFR, part 23.2 states: "...because the collection and exchange of intelligence data necessary to support control of serious criminal activity may represent potential threats to the privacy of individuals to whom such data relates, policy guidelines for Federally funded projects are required."

And

28 CFR, part 23.20.h Operating principals states..."All projects shall adopt procedures to assure that all information which is retained by a project has relevancy and importance. Such procedures shall provide for the periodic review of information and the destruction of any information which is misleading, obsolete or otherwise unreliable and shall require that any recipient agencies be advised of such changes which involve errors or corrections. All information retained as a result of this review must reflect the name of the reviewer, date of review and explanation of decision to retain. Information retained in the system must be reviewed and validated for continuing compliance with system submission criteria before the expiration of its retention period, which in no event shall be longer than five (5) years."

Re: ?

Sent: Friday, April 06, 2012 1:52 PM

To: [redacted]

Hello [redacted]

I can only speak with to SPIRIT document management, but we were deemed a "records system" only and ACS is currently the recognized "system of record" for the organization. Any meta data collected and stored is up loaded to ACS for extended file management. As SPIRIT will maintain. "backup" digital forms we adopted the RMD recommendations for 30y destroy or as no longer needed as the baseline records maintenance schedules. Hope I'm understanding your question correctly.

[redacted] didn't really want to bother you on AL but I'm trying to get a reference that explains you disposition of records "delete/destroy 30 yrs after file cutoff or whenever no longer needed". I have data obtained from a license plate reader and want to store as long as possible.

Hi [Redacted]

b6  
b7C

Our camera inventory is currently depleted. I'll double check with [Redacted] to see what we can do near term until we start receiving cameras again from ELSAG.

I'll give you a better update either today or tomorrow.

Take care,

[Redacted]

**Action Item:** Science and Technology (S&T) Expo Preparation/Logistical Details

**Due Date:** Please complete and email the attached chart to [Redacted] by **COB 3/15/12**

b6  
b7C

**Details:** Again, thank you all for your participation in the S&T Expo that will be held on 5/3/2012 at FBI HQ. In preparation for the Expo, your collective input is needed to accommodate your exhibit presentation requirements. To assist in this effort, please complete the attached chart so we can proactively work out the details regarding space, tables, power, system access needs, etc. To assist you in completing the attached chart, the following provides additional details and lessons learned from the past S&T Expo:

**S&T Expo Details:**

FBI-1843-ALPRS

- **Power Strips** – Power was a major issue at the last S&T Expo. Please bring the required Power Strips (long power strips) to accommodate your display. If you do not have the required power strips, please note in the comments section of your needs and we will bring additional strips to support OTD needs.
- **Exhibit Locations** - The exhibits will be displayed at in the Webster Room (AKA the Flag Room), the Courtyard, and the Bonaparte Auditorium. The S&T Branch was able to reserve the Auditorium this year; however, please keep in mind that while the Auditorium could fit several presentations, it is off the beaten path. When completing the chart, please identify the optimal location you would like to have your Exhibit located.
- **Vehicles** - If you have an exhibit that will be displayed in the Courtyard, please provide the vehicle dimensions so arrangements can be made to allow you to drive through the Escort Drive-Thru.
- **Aircards** - Aircards must be inspected prior to the event. Please identify in the comments section if you will be using one so that arrangements can be made to have it inspected.
- **Banners** - Some units had large banner displays behind their tables. Because of limited space, the banner displays should be kept to a smaller scale size. The smaller sizes fit nicely on an easel; therefore, if you'll need an easel, please bring one with you. If you do not have one, please note in the comments section and we will obtain additional easels.
- **Table Covers** - We will bring the OTD Tablecloths (Blue with the FBI Seal) for the OTD Exhibits. We have approximately 16 that will be available. If you do have a table cover, please bring this with your display, given that we have a limited supply. Please note, we have also requested that the S&T Branch work to secure table covers that would be standard for all the S&T exhibits.

**Logistical Details:**

- The set-up day for the Expo will be on Wednesday 5/2/12. Similar to last year, we will have an OTD Truck secured for Units to drop off their display items for transport to/from HQ. A schedule for Units to drop off items to the ERF Loading Dock will be provided as we get closer to the Exhibit date. The drop off date will be 5/1/12 and AMU staff will be available to provide assistance. We encourage you to utilize the OTD Truck for transporting your items; however, we realize a few Units will need to bring separate vehicles to transport displays. If you do anticipate bringing your own vehicle, please denote this in the comments section and we will work out the parking issues as we get closer to the Expo.
- OTD Vans will also be provided to transport OTD presenters to/from the HQ. If you prefer to drive/carpool, we will obtain parking passes for you to park in the basement. As we get closer to the Expo date, I will be requesting follow-up information.

For those of you that participated in last year's Expo, if you have any other suggestions to improve the Expo, please let me know and we will work to make needed improvements. Again, thank you for your participation and please feel free to email or call me if you have any questions.

Hi [Redacted]  
Thank you for taking the time yesterday to explain the options and your recommendations for this major project.

I spoke with my Case Agent and he understands the issues with installing [Redacted] cameras and believes [Redacted] cameras will provide the views he needs.

b7E

[Redacted]

b7E

I think your recommendation to use a [redacted] camera [redacted] for

[redacted]

b5  
b7E

Using this equipment, we would have a [redacted] camera that would have a [redacted]

[redacted]

b5  
b7E

The other options would be to have a [redacted] for each camera and then run [redacted] for each camera.

If we use the [redacted] camera [redacted] it will allow us to run [redacted] cameras

[redacted] camera- [redacted] camera and [redacted]

b5  
b7E

Along with each [redacted] camera. [redacted] camera should be [redacted]

[redacted]

b5  
b7E

We will try to place the camera so it will be [redacted]

[redacted]

b5  
b7E

[redacted]

b5  
b7E

Please let me know if I misunderstood anything.

Again, thank you for your patience. As I mentioned, I will be out of town from March 13 to April 1.

=====

PMs,  
As you can see we have two slots during the breakout sessions. We start on Wednesday afternoon through Thursday afternoon. One of them is shared with MPU. This breakout with MPU will also be shared with LPR [Redacted] to discuss current requirements and policies. [Redacted] said he would only need a half hour so you can plan on using the rest of the time. I would also like to use this time for the other parts of [Redacted] program.

b6  
b7C

The other Breakout session will be shared amongst the rest of the programs. [Redacted]  
[Redacted]

b6  
b7C

Please consider what is most important to share so that we can plan accordingly. We will have a planning meeting to finalize plans but for now if you'll give me an estimate of how much time you need, I'll start from there. I think it's important for them to put a face with the program and if you can't go, let me know who's going in your place.

Good Morning [redacted]

I have not heard back on payment status for this invoice. Normally we are paid promptly at Net 30 by your agency which is why I am surprised no one has answered by past email. If you could drop me a line and let me know when payment can be expected, I would appreciate it. If there is a problem or you need some kind of
