I have been away on TDY and wanted to check back with you on the request you have out for VSU (RTN 25450). Last we spoke you were going to check with [REDACTED] (Physical Security) to see what cameras they can support and also email a facility diagram to me so I could help determine what camera coverage you would need. Any updates on this? I just didn't want to drop the ball on this...

Thanks for your input to the OTD Quarterly Newsletter.

I am also putting together the AD Corner write-up and AD Hess would like to include some key updates for TTS in her AD Corner section. She mentioned including updates on U.S. vs Jones and the License Plate Readers (LPRs). Could you email me updates regarding these areas.

Note: I will also be including the Leadership Development Program (LPD) in the Quarterly Newsletter. I have reached out to [REDACTED] already and he will be providing me an update on LPD.

It was great to sit down and meet with you guys on Tuesday. Thanks for hosting us and for all of the great collaboration. We're going to get a list of subjects together to send your way for a test run. Our IT folks have their hands full right now with the Sentinel transition, so I don't expect to get a list until August sometime.

I'm also going to get our privacy attorney up to speed on our vision for the project so she'll be ready to talk with your lawyer if and when this comes to fruition.

I've cc'd everybody present from the meeting.

The meeting went well. I had several questions on specifications and requested more detailed sheets of the first and most recent so a more accurate comparison can be made. As soon as they're complete, I'll send copies to you. Hoping to have them soon, so please bare with me. Thank you for your patience.

Kind Regards,

Hi [REDACTED]

b6  
b7C

The LPR class will be spending most of our time outside today (can't miss us... we'll be in the parking lot). If you want, I can make sure everybody is inside by 3:30. If you come before 3:30, then just grab us in the parking lot and we'll come back to the classroom. Generally the class is at lunch from around 12:00 – 1:00 (give or take 30 min on either side).

Take care,

Hi [redacted]

b6

The LPR class will be spending most of our time outside today (can't miss us... we'll be in the parking lot). If you want, I can make sure everybody is inside by 3:30. If you come before 3:30, then just grab us in the parking lot and we'll come back to the classroom. Generally the class is at lunch from around 12:00 – 1:00 (give or take 30 min on either side).

Take care,

I'll work with if you'd like and get this done. We have a couple conf calls to make tomorrow but we'll get this LPR effort off our plate. It's been a frustrating process in that we get things done in a timely manner, send it forward to move at a snails pace. Looks like Amy's lit a fire under the snail. Sorry for the late response. Amy - we can work with you to put out an "emergency" policy notice. If you let me know your POC for this, I will have the folks from the CPO follow-up and we can get this done quickly. This will then need to be superceded by a policy that goes through the standard process (collaboration, etc.), but we do have this process to put out policy quickly for situations like this. I'm pretty sure that would have been what have been referring to below. Let me know if that doesn't make sense. Thanks

I've been copied on the [REDACTED] unclass trail of emails concerning this effort. I left a message with your secretary for you to give me a call when you arrive this morning so we can expedite getting the documents to the right people in CPO ASAP. If you could simply "Reply to All" to this email with the proper POCs we'll move on this as we have the policy and EC format versions ready to forward.
