Nicole and Paul,

GAO is kicking off an engagement focused on DOD efforts to protect the DIB. They would like to hold an entrance conference with NCSD on September 28. Please advise as to whom we should have at the meeting and the level of classification for the meeting.

Thanks.

Matt

Subject: NEW GAO AUDIT: NPPD Lead 351656: DOD's Efforts for Protecting the Defense Industrial Base from Cyber Threats

Good afternoon,

With respect to the subject line new GAO audit, NPPD was assigned the "lead" for the Department. Thus, we're required to put together the entrance conference, among other things.

CS&C, based on the audit's objectives you've been assigned the lead for NPPD and we ask that you a) identify SME—and their availability, which the GAO stated they have a preference for next week to September 16th as their preferred range); b) identify a meeting location; c) determine the classification of the meeting; and d) identify other DHS components that may have an equity in this audit.

Once this has all been determined we'll forward the details (or you can reply all) to the Department Audit Liaison (b) (6) copied here) so they can send out the official Department invite.

As always, don't hesitate to call or e-mail me if you have any questions. Thank you.

FYI, we received a new notification letter for an audit where NPPD will be the lead. Please let me know if you think other Components would need to be involved. I'll contact GAO and will find out when they would like to hold the entrance – they list from next week to September 16th as their preferred range of dates for the meeting. If you have a preference, please let me know a range of potential dates and I can communicate that to GAO when I speak with them.

Thanks!

Thank you. Adding the Under.

Sir, a latter message from David indicated that the call referenced below may be put off due to the DepSecDef cyber meeting (DoD internal) today being put off.

Kristina – we need a marker with S2's office that if this call is scheduled we brief her on status first.

All,

Change 1000 – Mark may be able to make an appearance at each session for about 5 minutes, so we might be a go!!!! Brendan and Matt are the briefers.

Sorry for confusion, I was told to cancel and we still might just not today. Waiting to see if we can juggle Mark's calendar. Will keep all posted.

All-

Attached are updates to those terrible charts from this morning ☺

We are on the schedule to meet with RADM Brown tomorrow at 2 PM to do another walkthrough. Take a look and see if I captured the notes accurately and fully and to see if there is anything else that I am missing. The earlier the feedback I get, the more likely we can get them incorporated.

Apologize this is late getting to you...I sent this morning from Box, but new computers are not set up like the old computer and I did not send to the right e-mail address. I was checking and saw that you had not received in your inbox.

Mr. Butler responded to your e-mail, worth reading for SA, but no response needed.

I have a POC from NSD, and will need one from CICPA, US-CERT and maybe NCCIC (Eric?) and possibly NCS (Jeff?). Please let me know who the POC is so I can send the invite. All,

Some of you spoke with GAO regarding their review of DOD Efforts for protecting the DIB from cyber threats back in October last year. GAO is continuing to interview DIB partners and a couple of DOD components, and now have several questions (see attached) for us regarding the changes in the DIB Opt-in. I went through the questions and made some comments on who I thought should answer what questions, but please let me know if I didn't get that right.

GAO would like a con call with us to discuss the answers so please let me know what days work best for you during Mar 22, 23, 26, 27, 28 and 29. If we can have written responses several days before the call, it will help to ensure we are all on the same page. I will also work on setting up an internal call so we can discuss before talking to GAO.

Please let me know if you have questions.

Thank you,
Carole

Subject: Update on DIB Pilot

All,

Thanks again for taking the time to discuss the DIB Pilot yesterday. As the Pilot gets underway, we appreciate getting an update on the current status as well as having the opportunity to discuss the required actions from the Paper Deputies process outlined in the Summary of Conclusions.

We understand that companies will be coming online over the next few weeks and we will look forward to another status update meeting during the week of May 30/June 6th.

In addition, we would like to reinforce the following items that we discussed.

- The draft PIA is still outstanding – please send soonest so we can determine whether it will address the additional requirement included in the SOC.
- The final PIA is to be completed/made publicly available by **June 6th**.
- Because the development of messaging regarding the Pilot will need to be coordinated with the participating companies, the addendum to the Communications Plan is due by **June 6th**.
- The evaluation criteria that will be used to assess the Pilot upon its completion are due by **June 6th**.
- Following the meeting during the week of May 30/June 6th, we will hold a monthly teleconference to discuss progress.

Finally, we did not discuss legislative outreach on the call yesterday, but we would like to know what briefings may be in the works and want to ensure that we have a coordinated (DOD/DHS) approach for any planned briefings. Please let (b) (6) and me know what is planned.

Best,
(b) (6)
