[redacted]—per our discussion here is the list of areas that need to be addressed and who is responsible for completing. Please meet with your team and set a deadline of when items are due since you are familiar with each person's workload. Just let me know the deadline set so I can set a tickler and send reminders periodically. I briefed [redacted] on our discussions and with [redacted] upstairs yesterday, so he can provide more guidance to the areas with his/your names. If I missed anything, let me know. :0)

You may want to review the test attached—the question for number 1 is missing, and I altered the classification line—double check to ensure it is correct. I also fixed some of the grammatical and punctuation errors, but you may want to review one more time before submitting. :0)

Here is the estimated 2011 cost/funding info we received from [redacted] back in July or August. It appears that [redacted] has sufficient funding to cover expenses for all approved projects for FY2011, so we won't have to make any tough choices.

I will arrange a meeting in the next few weeks to discuss [redacted] funding activity with each unit. Since I am obligated to report [redacted]

Thanks

I am interested in knowing what your CDC's office thinks about this as well.

Thanks for the unique question. I will come back to you with an answer, whatever it turns out to be.
