Subject: Public Source Plan

Attached is my evaluation of your ChoicePoint proposal. By no means is it all-encompassing but I hope it hits the highlights. I've also attached an Excel spreadsheet that I put together a long time ago for the Public Source Information Working Group. This will give you an idea of the kinds of information available through companies like Lexis-Nexis and ChoicePoint. The tabs at the bottom will take you to the different types of data.

6. Once the first 5 steps are completed, evaluate where the FBI is with regard to public source information systems and determine whether a vendor should provide further services through a second contract or if we should develop a permanent program in-house.

That's about all the issues I can think of at this point. Remember that this is one person's opinion and may have other ideas and/or concerns as many others. If there is concern about using regular FBI accounts to conduct any evaluation of public source systems, it might be beneficial to get commercial accounts through a...

Re: 

Administrative Consideration: CID sponsored meetings at FBIHQ, 2/24/00 and 3/26/00, and 4/28/00.

Enclosure(s): Justification for Other Than Full and Open Competition in Accordance with Title 41, United States Code, section 253 (c) (6).
5.201 — General.

(a) As required by the Small Business Act (15 U.S.C. 637(d)) and the Office of Federal Procurement Policy Act (41 U.S.C. 410), agencies shall furnish for publication in the Commerce Business Daily (CBD) notices of proposed contract actions as specified in paragraph (b) of this section.

(b) For acquisitions of supplies and services other than those covered by the exceptions in 5.202, and special situations in 5.205, the contracting officer shall transmit a notice to the CBD (synopsis) (see 5.207) for each proposed —

(1) Contract actions exceeding the thresholds in 5.101(a)(1);

(2) Efforts to locate private commercial sources for cost comparison purposes under OMB Circular A-76 (see 5.215(e));

(3) Modification to an existing contract for additional supplies or services that meets the thresholds in 5.101(a)(1); or

(4) Contract action in any amount where advantageous to the Government.

(c) The primary purposes of the CBD notice are to improve small business access to acquisition information and enhance competition by identifying contracting and subcontracting opportunities.

(d) Subscriptions to the CBD must be placed with the Superintendent of Documents, Government Printing Office, Washington, DC 20402 (Tel. 202-512-1800).

5.202 — Exceptions.

The contracting officer need not submit the notice required by 5.201 when —

(a) The contracting officer determines that —

(1) The synopsis cannot be worded to preclude disclosure of an agency’s needs and such disclosure would compromise the national security (e.g., would result in disclosure of classified information). The fact that a proposed solicitation or contract action contains classified information, or that access to classified matter may be necessary to submit a proposal or perform the contract does not, in itself, justify use of this exception to synopsis;

(2) The proposed contract action is made under the conditions described in 6.302-2 (or, for purchases conducted using simplified acquisition procedures, if unusual and compelling urgency precludes competition to the maximum extent practicable) and the Government would be seriously injured if the agency complies with the time periods specified in 5.203;

(3) The proposed contract action is one for which either the written direction of a foreign government reimbursing the agency for the cost of the acquisition of the supplies or services for such government, or the terms of an international agreement or treaty between the United States and a foreign government, or international organizations, has the effect of requiring that
the acquisition shall be from specified sources;

(4) The proposed contract action is expressly authorized or required by a statute to be made through another Government agency, including acquisitions from the Small Business Administration (SBA) using the authority of sections 6(a) of the Small Business Act (but see 5.205(f)), or from a specific source such as a workshop for the blind under the rules of the Committee for the Purchase from the Blind and Other Severely Handicapped;

(5) The proposed contract action is for utility services other than telecommunications services and only one source is available;

(6) The proposed contract action is an order placed under Subpart 16.5;

(7) The proposed contract action results from acceptance of a proposal under the Small Business Innovation Development Act of 1982 (Pub. L. 97-219);

(8) The proposed contract action results from the acceptance of an unsolicited research proposal that demonstrates a unique and innovative concept (see 6.003) and publication of any notice complying with 5.207 would improperly disclose the originality of thought or innovativeness of the proposed research, or would disclose proprietary information associated with the proposal. This exception does not apply if the proposed contract action results from an unsolicited research proposal and acceptance is based solely upon the unique capability of the source to perform the particular research services proposed (see 6.302-1(e)(2)(i));

(9) The proposed contract action is made for perishable subsistence supplies, and advance notice is not appropriate or reasonable;

(10) The proposed contract action is made under conditions described in 6.302-3, 6.302-5 with regard to brand name commercial items for authorized resale, or 6.302-7, and advance notice is not appropriate or reasonable;

(11) The proposed contract action is made under the terms of an existing contract that was previously synopsized in sufficient detail to comply with the requirements of 5.207 with respect to the current proposed contract action;

(12) The proposed contract action is by a Defense agency and the proposed contract action will be made and performed outside the United States, its possessions, or Puerto Rico, and only local sources will be solicited. This exception does not apply to proposed contract actions subject to the Trade Agreements Act (see Subpart 25-4). This exception also does not apply to North American Free Trade Agreement proposed contract actions, which will be synopsized in accordance with agency regulations;

(13) The proposed contract action —

(i) Is for an amount not expected to exceed the simplified acquisition threshold;

(ii) Will be made through FACNET or another means that provides access to the notice of

Great Job! I just have a few comments.

1. Page 5 of BC (last paragraph); and page 2 of J&A (first paragraph). Upon completion, the prototype will be evaluated and page 2 of J&A third paragraph. Prior to implementation ......

   I assume the funds here are just for the feasibility study and not the prototype. You just need to be a little more emphatic on that point.

2. Page 4, paragraph that begins "included in ....", fifth line, delete "at a minimum".

3. Page 4, last paragraph, delete "it is believed that".

4. Page 6, Item 7, paragraph 2, after "reasonable", add "The Contracting Officer will determine that the anticipated cost to the Government is fair and reasonable prior to awarding the contract."

5. Page 6, Item 8, first paragraph, change "at least as well as any" to "better than".

6. Page 6, Item 8. Delete paragraph 2. You have really done a small market survey or "review of the types of information available", so copy the paragraph from page 4 that reads, "Included in the evaluation of ......."

7. Page 6, Item 10. We don’t like N/A and only use it as a last resort. Try "No sources expressed a written interest in this acquisition."

8. Page 7, Item 11. This language flies in the face of what you are trying to accomplish. Try something like "Due to "...
   no competition is anticipated."

JUSTIFICATION FOR OTHER THAN FULL AND OPEN COMPETITION

3. DESCRIPTION OF SERVICES REQUIRED:
(a) The following definitions apply in this provision:

(1) "Agency Protest Official" means the official, other than the contracting officer, designated to review and decide procurement protests filed with a contracting activity of the Department of Justice.

(2) "Deciding Official" means the person chosen by the protestor to decide the agency protest; it may be either the Contracting Officer or the Agency Protest Official.

(3) "Interested Party" means an actual or prospective offeror whose direct economic interest would be affected by the award of a contract or by the failure to award a contract.

(b) A protest filed directly with the Department of Justice must:

(1) Indicate that it is a protest to the agency.

(2) Be filed with the Contracting Officer.

(3) State whether the protestor chooses to have the Contracting Officer or the Agency Protest Official decide the protest. If the protestor is silent on this matter, the Contracting Officer will decide the protest.

(4) Indicate whether the protestor prefers to make an oral or written presentation of arguments in support of the protest to the deciding official.

(5) Include the information required by FAR 33.103(a)(2):

(i) Name, address, facsimile number and telephone number of the protestor.

(ii) Solicitation or contract number.

(iii) Detailed statement of the legal and factual grounds for the protest, to include a description of resulting prejudice to the protestor.

(iv) Copies of relevant documents.

(v) Request for a ruling by the agency.
(vi) Statement as to the form of relief requested.

(vii) All information establishing that the protestor is an interested party for the purpose of filing a protest.

(viii) All information establishing the timeliness of this protest.

(c) An interested party filing a protest with the Department of Justice has the choice of requesting either that the Contracting Officer or the Agency Protest official decide the protest.

(d) The decision by the Agency Protest official is an alternative to a decision by the Contracting Officer. The Agency Protest Official will not consider appeals from the Contracting Officer's decision on an agency protest.

(e) The deciding official must conduct a scheduling conference with the protestor within five (5) days after the protest is filed. The scheduling conference will establish deadlines for oral or written arguments in support of the agency protest and for many officials to present information in response to the protest issues. The deciding official may hear oral arguments in support of the agency protest at the same time as the scheduling conference, depending on availability of the necessary parties.

(f) Oral conferences may take place either by telephone or in person. Other parties may attend at the discretion of the deciding official.

(g) The protestor has only one opportunity to support or explain the substance of its protest. Department of Justice procedures do not provide for any discovery. The deciding official may request additional information from either the agency or the protestor. The deciding official will resolve the protest through informal presentations or hearings to the maximum extent practicable.

(h) An interested party may represent itself or be represented by legal counsel. The Department of Justice will not reimburse the protestor for any legal fees related to the agency protest.

(i) The Department of Justice will stay award or suspend contract performance in accordance with FAR 33.103(f). The stay or suspension unless overridden, remains in effect until the protest is decided, dismissed, or withdrawn.

(j) The deciding official will make a best effort to issue a decision on the protest within twenty (20) days after the filing date. The decision may be oral or written.
(K) The Department of Justice may dismiss or stay proceeding on an agency protest if a protest on the same or similar basis is filed with a protest form outside the Department of Justice.

Should the feasibility study result in implementation, consideration will be given to whether portions of the performance contract can be competitively bid on a limited basis.
