Hi,

Per IM, please let me know if this does not sufficiently provide a Clearview PTA status.

Thanks!

Good Afternoon,

asked me to reach out to you regarding the privacy status of ICE’s use of Clearview AI. Right now CEIU has a pending PTA that is with DHS Privacy. DHS Privacy won’t adjudicate the PTA until they get an opinion from OGC. So it is a lot like where Venntel/Babel Locate is. I don’t see it being resolved anytime soon. Right now CEIU’s pilot is the only authorized use of Clearview at this time. If you are looking to test out the technology I suggest contacting who can give you a demo and an assessment of the vendor. I’d also suggest reading the recently published ICE PIA on use of facial recognition services to see the parameters and restraints around how facial recognition could be used .
