Gonna go with the easy one first (Request 2) --

(b)(6), (b)(7)(C) can we share (b)(6), (b)(7)(C) findings on this one with agency that provided the reporting on highside -- feedback for them to take a look at lead? Also lets provide the reporting and (b)(6), (b)(7)(C) findings to (b)(6), (b)(7)(C) (b)(7)(E)

For Request 1 -- (b)(6), (b)(7)(C) when you come in can you walk me and the guys through that one -- just want to make sure we are accurate in way we describe it to the partners.

Subject: RE: Request for assistance w/

Per our procurement/contracting office:

The contract was awarded, but post-award Babel sent over an EULA which had to be reviewed by CBP legal. The necessary changes have now been agreed to by CBP and Babel but the system is down for the new FY until tomorrow (so the modification cannot be issued yet). I am trying to see if there is anything we can do.

The contract was awarded on 09/16/19 and the PoP started on 09/21/19. I would suggest that you engage with your reseller regarding any "delay" in the process because it does not lie at our end.

Hi (b)(6)

Thanks, I'll set up a initial phonecon with the CBP POC you provided and then do an engagement at the senior level if desired/needed.

Do you have time this afternoon to chat a bit on some of your existing efforts with Army, I'm looking to prep for a possible market research requirement and that would help.

Thank you (b)(6), (b)(7)(C) I think this is a great idea.

Added many people on the team who need to be part of this discussion.

(b)(6), (b)(7)(C) This is the exact type of "data sources" discussion(s) we need to have. We need to ensure, however, we have all the right people in the discussion. I would assume that CBP data would also be relevant to (b)(6), (b)(7)(C) (b)(6), (b)(7)(C) please pull in all the right folks for the discussion. Thanks.

My apologies for asking for an update - I think I lost the bubble on this aspect... did **(b)(6), (b)(7)(C)** ever link up? While I know we provided Team DCSA with all the requested info/support for the White Paper, I think it's important (and it would be my recommendation) that DCSA & CBP talk (Gov't to Gov't) re automated query & for CBP to share all they have learned (which is substantial). Happy to facilitate a discussion or enable a 1v1 talk. If this has already happened, I'll go back into hull-defilade - but I didn't want us to lose the opportunity. Many tx.

Following up on our discussion today around analytics for LX/P.

(b)(7)(E)

We are looking for feedback to validate our approach to how we design and ultimately work with the SAS team on the appropriate framework.

Could you give me an idea of a good time next week, Tuesday through Thursday, for a WebEx demo?

Thank you,

Thank you (b)(6) I think this is a great idea.

Added many people on the team who need to be part of this discussion.

(b)(6), (b)(7)(C) This is the exact type (b)(7)(E) we need to have. We need to ensure, however, we have all the right people in the discussion. I would assume that CBP data would also be relevant to (b)(6), (b)(7)(C) and (b)(6), (b)(7)(C) please pull in all the right folks for the discussion. Thanks.

OK, next Friday sounds good.

I'll follow up with an invite for a virtual work session to walk through the setup and requirements. Feel free to share that with anyone interested in joining.

We can also discuss me coming out to your location if there's enough interested folks out there with space and time to spare.

Take care,

I am up here in Harpers Ferry so I am free from teaching all day next Friday the 16th. I am sure there are some others who would like to also do this for research purposes.

Sorry for the late response. I was out for a few days and this got buried in my inbox.

If I understand your question correctly, then yes,

(b)(7)(E)

(b)(7)(E) I would be more than happy to help set that up. As for exporting the data, there are a few restrictions from the data sources but if I can get a better idea of what exactly you want to export and how that would look like, I can see if we can find a solution.

What does your schedule look like next week?

Good Morning **(b)(6), (b)(7)(C)**

Happy New Year!

Attached is the list for the next PAU class that starts on Monday. **(b)(6)** lesson is scheduled for the afternoon of 1/13 so hopefully there's enough time. My apologies for the delay but with the holidays, it's been a challenge chasing this down and as you'll see, I still have a few blanks to fill.

Please let me know if any additional information is needed. I will continue to work on this list.

V/R,
