

- 
2. It provides that information transiting or stored on the system may be *disclosed* for any purpose, *including to the Government*.

Notes:

- Both access and disclosure must be addressed in the banner.
- Unauthorized disclosure is a separate crime from unauthorized access under statute.

Example:

- "You consent, without restriction, to all communications and data transiting or stored on this system being monitored...or disclosed to any entity, including to the Government..."

---

UNCLASSIFIED//FOR OFFICIAL USE ONLY

5

- 
3. It states that monitoring will be *for any purpose*.

Examples:

- "...at any time and for any purpose..."
- "...at any time and for any purpose, including for cybersecurity purposes..."
- "...for any lawful purpose..."

---

UNCLASSIFIED//FOR OFFICIAL USE ONLY

6

4. It states that monitoring may be done by the Company/Agency or *any person or entity authorized by Company/Agency.*

Examples:

- "...monitoring by or disclosure to any entity authorized by [Company]..."
- "...monitoring by or disclosure to any entity...at the sole discretion of [Company]."

~~UNCLASSIFIED//FOR OFFICIAL USE ONLY~~

7

5. It explains to users that they have "no [reasonable] expectation of privacy" regarding communications or data transiting or stored on the system.

Notes:

- This language tracks the case law analyses at both federal level and many State laws
- Legally significant "buzz phrase".

Example:

- "You are acknowledging that you have no reasonable expectation of privacy regarding your use of this system..."

~~UNCLASSIFIED//FOR OFFICIAL USE ONLY~~

8

6. It clarifies that this consent covers *personal use* of the system (such as personal emails or websites, or use on breaks or after hours) as well as official or work-related use.

Notes:

- People may develop an expectation of privacy in their personal communications if they can access them from work. This needs to be explicitly addressed.

Example:

- "...including work-related use and personal use without exception..."

UNCLASSIFIED//FOR OFFICIAL USE ONLY

8

7. It is *definitive* about the fact of monitoring, rather than conditional or speculative.

Notes:

- If the language is too conditional with regard to monitoring, users begin to develop an expectation of privacy over time.
- In addition to definitive banner language, there should be no other representations that actual monitoring doesn't happen, or happens only seldom, in practice.

Example:

- "...will be monitored..." AVOID "may be" OR "reserves the right to"

UNCLASSIFIED//FOR OFFICIAL USE ONLY

10

(b) (5)

8. It expressly *obtains consent* from the user and does not merely provide notification.

Notes:

- Click-through banners are best because they force the user to interact with the language.
- Supporting processes should also preserve/provide evidence of the user's agreement to the terms.

Examples:

- "By using this system, you are acknowledging and consenting to..."
- "By clicking [ACCEPT] below... you consent to..."

UNCLASSIFIED//FOR OFFICIAL USE ONLY

11

## ***And the [almost] unspoken factor...***

**The rest of the banner ...**

**(or associated policies, elements of user agreement, user training, etc.) ...**

**must not be inconsistent with, or otherwise undercut, these elements.**

UNCLASSIFIED//FOR OFFICIAL USE ONLY

12

Mike,

I heard a rumor that the DIB Pilot started? Do you know if that's true and if it means there's a PIA we could look at?

We're still doing prep work for our EINSTEIN 3 PIA - no draft yet.

Thanks!

I am out tomorrow but will check with nsa on Th to see where things are.

Can't do an early view of the pia. Its not mine and there are too many sensitivities surrounding this program to send out at this time. Sorry.

Thanks, Mike.

No - haven't heard anything yet from NSA. I can reach out through our channels - or is there's someone you recommend we ask?

We've started working on the PIA for E3 - I'd be curious how the two PIAs read together (or maybe the 3 PIAs: our Initiative 3 Exercise PIA, your DIB Pilot PIA, and our E3 PIA).

If there's a way we could get an early reader's copy, that'd be really helpful.

We are getting close, but do not yet have the final product.  
We have another call tomorrow afternoon. My guess is that we will have something by the end of next week, but with so many cooks in the kitchen, its hard to know what might throw us off.

Has NSA reached out to you about getting a briefing?  
They told me that they would but I haven't heard anything yet.

Thanks.

Gentlemen,

Question from Ken Handelman on the RAH. The term 'transport provider' in the last paragraph: Is this a common term for this pilot program, else it isn't easily understood what exactly it is.

 POLICY  
 DSD RAH

Subject:

All,

Other than the SVTC set for today, DSD has asked for a cybersecurity issues update on Tuesday. Bob has asked me to work the read-ahead. It will be due through Policy by COB today. Topics that Bob asked to pull together are:

## Nonresponsive

- DHS-DOD Cybersecurity Initiative (b) (6) - I'll work with normal contacts)
- DIB Pilot Planning ((b)(6)-P.L. 86-36), Gus Guissanie?)

Bob also wants to be prepared to discuss:

- ESF Agenda (Gus Guissanie)
- Cyberstorm III as a framework for NCIRP ((b) (6)), CYBER Policy)

Gus/(b)(6)-P.L. 86-36;

Bob mentioned that he thought the best option for the DIB Pilot Planning was for (b)(6)-P.L. 86-36 to provide an update to the DSD. (b)(6)-P.L. 86-36 if you concur, pls provide me a copy of your latest slides and a short paragraph we can put in the info memo. Bob felt we should push for agreement on what the DIB Pilot Program is, what needs to be worked and what is next. Glide slope is a SEP DC and a 1 Nov start for the pilot program.

Gus,

Pls give me whatever you have at DSD level regarding the upcoming ESF.

All,

pls let me know anything I might have missed or forward any info you might have regarding the above topics.

Thanks,

(b) (6)

DISL OSD POLICY

Subject: Cancel tomorrow's 1600 polycon?

Bob,

We have a calendar conflict for tomorrow's 1600 polycon and am wondering whether we should cancel. DUS Reitingner has asked that we block 1500 to 1700 tomorrow for a SVTC on the DIB that includes you, RADM Brown, (b)(3)-P.L. 86-36 and me---who will be unable to attend either event because I am escorting ADM Papp, new US Coast Guard Commandant on his NSA visit, ending with a cc with DIR at 1600.

Please advise and thanks.

Sincerely,

(b)(3)-P.L. 86-36

(b) (6)

(b) (6)

I hope you're well!

As you may know, we recently received approval to begin the DIB Pilot.

It seems to be the appropriate time to kick off our congressional engagement plan :).

What are your thoughts on next steps? We're happy to set up a call to discuss how you would like to proceed.

Best,

Greg, Bobby, Mike, Bruce:

In Bruce's absence, who can work with Bob Butler to pull together the brief for the PMC to set the stage for creating a demand side for cyber?

Note, from our view this is not just about the DIB pilot but also conveying an understanding of the threat, and setting the stage for baseline solutions across critical infrastructure (such as risk-based performance standards)?

Phil, Bob & (b) (6)

In order to prepare for the PMC meeting, the three of you should put together a 10 slide presentation that we can go over this Friday. Attached is a sample slide deck we used at the last PMC meeting.

Please keep in mind that the PMC meeting will be at the secret level and the slide presentation should be no longer than 20 minutes so we can reserve time for discussion.

Caroline will follow up to schedule time for the Friday meeting.

Thanks,

(b) (6)

Jim, Bob

I tried reordering and breaking up responsibilities so we do not cause confusion by describing everything as joint authorities, but making clear the authorities of each department, and that they can work together. Here is some language for you to consider. Breaking this up into subparagraphs as before is also fine.

Yes, I highly recommend that you get a (b)(3)-P.L. 86-36 briefing before the sub-IPC.  
 By this email, I am alerting (b)(3)-P.L. 86-36 with a request that he work with Stacey Bowden of my  
 office on scheduling. (b)(3)-P.L. 86-36 will be cover the briefing for my office while I am on  
 leave next week.

I was unaware that NSA is slated to brief the sub-IPC on EINSTEIN 3 on 7 Sept. Will check on  
 that on this end. (b)(3)-P.L. 86-36 of my office has been attending these to back-bench our  
 representative (b)(3)-P.L. 86-36

Sure. I would suggest that you get a briefing on (b)(3)-P.L. 86-36 and we can check on the technical  
 briefer's availability.

From the legal side, I need to tell you I am on leave next week. I have a very capable staff  
 who can meet with you. If your timetable would permit doing it the week after I would be  
 happy to meet with you.

Please let me know how you would like to proceed.

Subject: DIB CIP 2011 - Defense Industrial Base Critical Infrastructure Protection "DIB Cyber Mission Assurance" Panel

Colleagues, thanks for participating in the call yesterday. I wanted to recap our discussion for those not on the phone and to insure we are all on the same plan.

I will provide brief opening remarks to the panel and then will introduce you all at the same time. I will then invite (b) (6) Nicole Dean, and (b) (6) in that order up to the podium.

We will not use slides.

I'd ask that you introduce something new to the audience that they haven't heard before. Update on new challenges, e.g., recent budget impacts, etc. Since we have a panel consisting of DoD, DHS, and the private sector, you may want to address interdependencies among those three to set up discussion at the end of the panel. (b) (6) précis below is a good guideline for what we're looking for:

(b) (5)

I'd ask two things from you prior to the panel -

1) Send the addressees on this email 2 or 3 thematic talking points that you want the audience to take away from your talk. Nothing more than a sentence or 2 each.

2) Then send me any questions you may want me to ask you or the panel to help emphasize the talking points during Q&A.

The talking points are the most critical in that I want to make sure we don't all say the same thing yet remain consistent.

We may want to meet prior to the panel based on the results of our talking points. We can decide that when we have them all assembled.

Will look forward to seeing you all in Philadelphia!

Hi (b) (6),

Just wanted to circle back with you on the Comms Plan - as you know, we are planning a follow-up DIB meeting for Monday (I will be sending out the email momentarily). We actually have a room available for a few hours - would it be helpful to take some time to discuss the Comms Plan following the rest of the DIB discussion? We can include public affairs folks if that would be helpful. Please advise.

Best,

(b) (6)

Tom

Steps are being taken at our end to work through this. From my perspective you are a valuable member of the team and have contributed a lot. I agree that it was entirely appropriate for you to be at the legal meeting. In any event, you did nothing wrong and have nothing to apologize for.

Re tomorrow's meeting with ATT, there has been some confusion from my clients. I only got word a few minutes ago that the meeting will include legal topics. **(b) (6)** and Susan are coming. I have to take my mother to a medical appt and might have been able to reschedule if I had known this was a legal meeting.

Glad David is in the boat, even if it is a little leaky.

John

With the caveat that I know everyone is stretched very thin right now, I received these DIB pilot TPs from DoD OPA this morning and they're seeking our input.

In speaking with **(b) (6)** they're not really getting incoming on this, but want to have something in the can for future use. She understands our operational posture at present, and so agreed that our getting back to her on Monday was fine. Can we internally aim for 10 a.m. Monday?

Thanks,

Amy

It has been sent also to the staff with whom you met yesterday. I don't have Mike Brown's email so if Bruce or Kim would pass it to him I would appreciate it.

I don't yet have comments back from staff colleagues. If you guys have heartburn let us know. Thanks, (b) (6)

 Subject: RE: Working FINAL DRAFT -- Comms Plan for the DIB

All,

Given that (b) (6) is still working to incorporate final comments into the Comms Plan, I would like to propose that we meet via teleconference on Monday, February 7th at 9 am to discuss the draft. That will enable everyone to review the next version in detail and we can hopefully get to a near final draft at that time.

I want to ensure that we have representation from DOD, NSA, DHS, and DOJ at the meeting - please advise if this date/time will not work for your agency by 10 am tomorrow so we can confirm the meeting.

Thank you,

(b) (6)

 Subject: RE: Working FINAL DRAFT -- Comms Plan for the DIB

All,

Attached please find NSS comments - some of these comments may be OBE since we utilized (b) (6) version from 10:14 this am.

We look forward to receiving another consolidated draft that will incorporate the additional comments circulated today by COB tomorrow.

Per discussion on the call today, we would like to convene another teleconference to discuss the next draft. We suggest 2:30 - 3:30 pm or 4 - 5 pm. Please advise.

Thanks again to all who are contributing to this as it is an important part of the program.

Best,  
(b) (6)

Sir,

In order to facilitate this meeting Kristina was hoping you could drive over to the NAC and step out for your 1600 phone call. You could then drive home from the NAC (wishful thinking on our part, but the option is there).

Very respectfully,

(b) (6)

All,

Per DUS Reitinger, we will be blocking additional time tomorrow to continue the discussions that got underway today following the ESF meeting. Please hold 3-5pm tomorrow afternoon. We will work to setup a VTC so as not to require travel for those folks who aren't located in close proximity. Please standby for additional details.

Best,  
 Kristina

Concur.

The decision on today or tomorrow is with Phil and Mike Brown's offices based on their existing calendar commitments.

Best,

(b)(3)-P.L. 86-36

Kristina,

Thank you for your note. The preference is to do this today, but I understand that we may not know until they emerge from the SCIF.

Tomorrow at 3:00 works for me - and if it works for both gentlemen, I'm happy to accommodate.

The other required attendees are (b)(6) at DoD, (b)(3)-P.L. 86-36 at NSA and (optional, though welcome), (b)(3)-P.L. 86-36 from NSA. (b)(6), please confirm whether you can do today, tomorrow or both. We'll get this done!

Best,

(b)(3)-P.L. 86-36

Mr. Reitingger and the RADM are currently in the SCIF for a meeting, so they will be delayed in responding directly.

That said, I believe tomorrow would work best. Might you and Mr. Butler be available after 3pm tomorrow afternoon? Both Phil and the RADM can be available if so.

V/R,  
Kristina

Deputy Chief of Staff  
NPPD

Mr. Reitingger is not available following the ESF - we requested to shorten the meeting time today (ending at 3pm instead of 330pm) to accommodate other meetings he must attend with our Secretary this afternoon.

My apologies for our lack of flexibility today. Please let me know what other options might be available.

David,

Yes – we need to be in it. Expected by S2 and the rest of the leadership. I assume it will be a concall or svtc, so if it can be done at Glebe, that would be great. However, not sure I'll be able to attend – it all depends on how tomorrow's session goes. I may have lots of work out of the S2/DSD meeting!

(b)(6)-P.L. 86-36

Schedules here are a little trickier than I realized. How about a one-hour secure conference call on Thursday afternoon sometime between 12 and 3 or a secure call on Friday mid-afternoon? In advance of that call, it would be especially helpful if we received a copy of any papers for the project on the legal issues (b) (5)

Let me know if there's a window of time that will work.

Thanks,

Jason

Jason,

I hope you are well.

As discussed at the DC meeting, I'm following up to schedule an extended briefing for Jim and you on the DIB Pilot Legal Framework. I'm also cc'ing our new GC, (b)(6)-P.L. 86-36 as you requested.

Let's aim to schedule the briefing this week as your schedules permit.

(b)(6)-P.L. 86-36 will be the point of contact to lock down a two hour block on everyone's calendars - please provide a couple of dates this week that work for you and your preference as to location (DoJ or NSA).

(The Plan will be formally submitted to DepSecDef tomorrow morning - please provide a JWICS address for Jim and you and we'll provide you a copy).

All the best,

Bob,

Sandy had asked that I stand in for her for the next two Tuesdays on the SVTC. I believe she said you forward her the agenda and she provides quick TP's for Chris and Fran. Did I capture that right? If yes, could you please cc me on the agenda so I can support her in her absence?

It would be valuable to include a quick ESF update on the agenda – to sync with DHS on the prepping of their secretary, etc. We all took a lesson learned last time to try to synchronize the Deputies' goals and objectives in advance...

Thanks, I hope you are having a terrific weekend with your family in San Antonio!

NSA counsel proposed moving the first ops/tech/legal discussion to next week. I will remain non-committal until we review the circumstances more. I am hosting an ESF meeting for interagency attorneys from 2-3:30 at NAC 19 today but am otherwise free to meet/discuss.

David

Sir,

I'll provide some info now, but I believe we all need to sit down and spend a lot of time on where we sit. This will respond to your previous emails on the WH SVTC and E3 too.

There is no follow up to WH tasker from last week. Do not believe NSA believes they owe an answer.

**(b) (5)**

I met with OSD, OSD and NSA, and NSA. There is not enough time to write in email and we need a dialogue and in scif.

There is no E3 program right now. There is no USG direction.

We have (b) (6) sked to ne here tomorrow - you can use to engage?

S2 meets with DIRNSA and DEPSECDEF next Thurs. We need time to discuss with her. I am out good part of 26th. Agenda needs work, especailly based on the last 5 days - you and I have separate meetings with Sandy today.

Vr,  
Mike

Not sure what happened today, but perhaps we should add the legal folks to tomorrow afternoon's meeting? If interagency attorney involved isn't feasible, it might at least help your cause to ask (b)(6)-P.L. 86-36 to bring (b)(3)-P.L. 86-36, (b)(3)-P.L. 86-36, and (b)(3)-P.L. 86-36 to your discussion for any frank questions re authority and contracting that you might want to ask.

David

David,

Based on today - not sure everyone is on the same sheet. I'm meeting with NSA tomorrow (just got changed to the afternoon). I'm meeting with Steve and (b)(6)-P.L. 86-36 - so will have a better idea. This is all moving fast - I may just meet with NSA and OSD together tomorrow.

Following on last week's discussions of DIB pilot, consensus is forming to have a tech/ops/legal meeting this Thur or perhaps Fri morning. What is preferred level of tech/ops participation from DHS? Those cc'd below are NSA's proposed participants.

David Delaney

David

For the technical discussions, I think someone more at the level Rick Wilson used to be would be appropriate. Am thinking RADM Brown is too high up at this point.

Thurs is out for me because my wife broke a tooth and has to have oral surgery that day. Early Friday would therefore be better for me. How is that for the other cc's who would be affected?

Thanks.

FYI/SA -- purely by coincidence, there are regularly-scheduled "working group" meetings this week for the DoD's long-standing DIB cyber info sharing program (i.e., the 2-year-plus efforts involving the framework agreements).

Since most/all of the DIB players are already traveling and assembled in one spot, the DoD/NSA team is taking advantage of the opportunity to coordinate some add-on meetings that will be focused on the DIB opt-in pilot planning activities. They are even coordinating the ISPs coming in for some direct "breakout" sessions w/their respective DIBs.

My understanding is that this will be a "working" or "action-level" engagement, and maybe some elements will be ISP-DIB only. I don't think they are necessarily expecting or asking for lawyers to participate, but I think it's all still coming together.

I will likely be out all day on the 4th, and thus I doubt I'll be there in any case.

(b)(3)-P.L. 86-36, et al,

We've secured 3 separate unclassified rooms for ISPs to meet with their customers. Recommend we consider proceeding on Aug 4 as follows:

1450 - POWG concludes

1450-1500 Clear out unessential attendees for Opt-in sessions

1500-1545 Technical Discussions with NTOC (we can bring classified laptop if we want to have scenarios at hand); ISPs will be in room to hear issues.

1545-1700 Break-out sessions for ISPs and their customers (we'll be escorting DIBers and ISPs to their respective locations for discussions).

This will be a separate agenda we provide on Wednesday, so we can tweak next week. Wanted to run it by all of you for thoughts, etc. Thanks, (b) (6)

RADM Brown,

The next hot topics for us will be the DIB Pilot and the Comms Plan for the DHS-DoD MOA that was signed Friday.

We would like to coordinate on the attached chapeau statement for the DIB Pilot. (b) (6) has been working it for us and I believe Mr. Reitingen has been working it for DHS. Can you work it to get a chop from DHS?

Second topic is the Comms plan. I prepped a quote for SD or DSD to provide to a DHS statement. However, I have not yet seen the statement. PA initially concurred with the quote, but I would like to have the DHS statement before I begin staffing it up to the DSD for approval. Can you or Amy pls give me an update?

Thanks,

Jenny,

I don't know if that is the best way to describe it - however, we've (DHS) been very loose in descriptions. The meeting with S2, DEPSECDEF and OMB last week discussed the DIB pilot and the need for capability for other sectors. I have no knowledge of DHS saying the DIB pilot was the way to go forward.

There is a planned brief upcoming to layout to the President's Management Council the issue (need to protect the private sector/critical infrastructure). It looks like NPPD is doing the brief for DHS - I recommended you be involved. I don't know if that will happen. I'm trying to get to Greg.

Jenny, Carlos, hi. Are you involved in the DIB Opt-in pilot discussions with Phil? If you are available, may we three have a phone call sometime this week to discuss? Today, NSA told our DIB Partners that the opt-in capabilities are being viewed as the way to secure other sector networks. Is this your view? Would like to discuss. Thanks, (b) (6)

Thanks for sharing and helping manage the reaction over here. Please disregard my earlier email on JWWCS, you've answered those questions already. Pete and I will be pursuing staff contacts through (b)(3)-P.L. 86-36 office to get briefed, but I suspect we won't hear much in the way of details until the details are worked out and NSA is willing to share.

With the caveat that I know everyone is stretched very thin right now, I received these DIB pilot TPs from DoD OPA this morning and they're seeking our input.

In speaking with (b) (6) they're not really getting incoming on this, but want to have something in the can for future use. She understands our operational posture at present, and so agreed that our getting back to her on Monday was fine. Can we internally aim for 10 a.m. Monday?

Thanks,

(b) (6)

 Subject: RE: DPIAC engagement for DIB Pilot evaluation criteria input

I appreciate the vote of confidence. I will be happy to help out to best of my ability. While bumbling around as front-line [DoD] legal advisor to the DIB program (including opt-in pilot) I've been able to engage on a pretty good sampling of the various issues and elements.

With that said, I reckon there are other DoD players that can contribute just as well, so I'll be looking to ensure that we've got the right/best reps to participate -- notwithstanding my name being tossed in the ring first.

As this is first I'm hearing about specific engagement with DPIAC, I'm at a bit of a loss re any particular schedule of events ... please let me know what's next.

Thanks!

Nicole,

If DHS's Data Privacy and Integrity Advisory Committee (DPIAC) work on Einstein Implementation can give you useful insights for additional DIB Pilot evaluation criteria that can help DHS make future decisions about the model for E3 and expansion to other sectors, then you should certainly include their recommendations in the DHS list of evaluation criteria.

In our conversation earlier, (b)(6)-P.L. 86-36 indicated she does not object to this engagement. She suggests (b) (6) would be the best DoD representative given his familiarity with the Pilot and his work on the PIA if you need someone from DoD there.

Thanks,

Jen

Bob,

Pretty consistent. Specifically, what I was told that we have the language we put forward and we're awaiting additional language from DOD as Sandy mentioned below.

Cheers,  
Mike

I've provided comments to two of the documents based on our current info at DHS. The read ahead has not been finalized, but will try and get it tomorrow. One of the main things from the DHS perspective is to ensure DHS is part of the operational structure for the pilot.

Cheers,  
 Mike

(b) (6)

Here is the final RAH and the TPs...it has been signed by Ken and is in the Under's office. I hope none of the meaning or intent was altered (would have gone back to you had time permitted).

This package was a complete surprise to the MAs this morning; I look forward to working with you on one without being under pressure by DSD's and the Under's FO.
