Hi Mr. (b)(6);

Palantir Technologies Inc. is the excluded parent company of Palantir USG, Inc. (CAGE 51W88) and Palantir USG – McLean (CAGE 6AV67). As an excluded parent, Palantir Technologies Inc. is required to have a CAGE even though it is not a cleared facility. Our cleared facilities, 51W88 and 6AV67, have different CAGE codes because they are different facilities, located in different geographic locations.

My colleague (b)(6); (copied) is expert in these matters. If helpful, I would be pleased to organize a conference call to discuss further.

Best,

(b)(6);

Hello:

The contractual information I have on contract HSCETC-14-C-00002 indicates the Vendor as Palantir USG (see attached) and Palantir Technologies for HSCETC-15-C-00001 (see attached). When did the name change for HSCETC-14-C-00002 and is there a Modification which has been issued showing Palantir Technologies as the new vendor?

There are two different CAGE Codes because they are two different companies. Palantir USG is separate from Palantir Technologies and both are separate from Palantir USG, Inc. Each FCL is specific to a CAGE Code so I don't think there is way to have one FCL assigned to two CAGE Codes because the CAGE Codes are used by DOD for tracking purposes.

Thanks.

Dear (b)(6);(b)(7)(C)

Palantir Technologies is the vendor for both the FALCON contract, HSCETC-15-C-00001 and for the TECS Modification contract, HSCETC-14-C-00002. I don't know the reason why Palantir has been assigned two different CAGE Codes, only one of which has been approved for a Facility Clearance (FCL). Rather than have them apply for one all over again, what would be the procedure to have the FCL listed under both CAGE Codes?

Hello:

The Contract indicates the Vendor for HSCETC-15-C-00001 is Palantir Technologies Inc., CAGE Code 47oF5. I did some initial checks and cannot find a Facility Clearance (FCL) in the DOD Industrial Security Facilities Database (ISFD) for Palantir Technologies Inc.. **Has Palantir Technologies Inc has been submitted for an FCL?** If not, you will need to submit Palantir Technologies Inc for an FCL before a DD 254 can be considered. Contract personnel will not be allowed unescorted access to classified spaces, classified information or classified IT systems until the FCL has been approved and the DD 254 has been issued.

Would it be possible to use HSCETC-14-C-00002 for this new classified effort? The Vendor for HSCETC-14-C-00002 is Palantir USG, CAGE Code 6AV67, and Palantir USG does have an FCL in ISFD.

Subject: RE: FALCON Contract DD254

Hello:

Yes a DD 254 will need to be issued.

I looked at the PWS for 15-C-00001 and could not find the reference in paragraph 13.0 :

Section 13.0 (Security) of the Performance Work Statement stipulates that contractor personnel may require

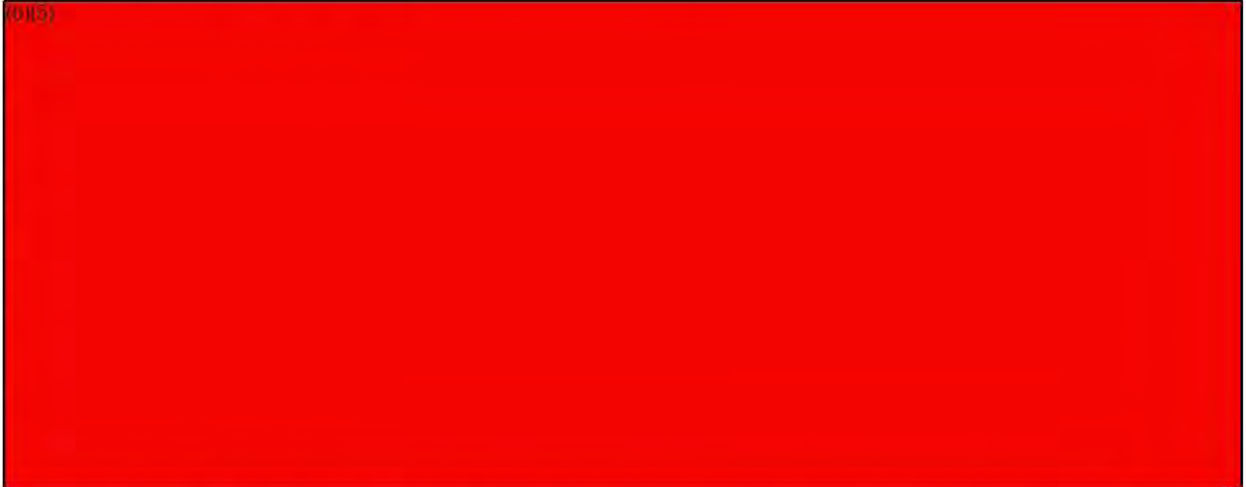

access to classified data during unanticipated national security events requiring a surge response. It also states

that the Government will provide TS/SCI billets for at least four contractor personnel during such a national security event-related surge.

The PWS we have indicates this is only a Sensitive But Unclassified contract.

Since classified information access has been determined issuance of a DD Form 254 by DHS HQ Industrial Security Program Branch must take place prior to onboarding of personnel. In order to streamline processing of the DD 254, please ensure the following information is included in the final Contract Document/Statement of Work:

- a.
- b.
- c.
- d.
- e.
- f.
- g.

Please note that the final PWS MUST contain the contract document number as part of the language (The first sentence of the Security Language section under the "General" paragraph). This will ensure proper documentation for forwarding to the DHS ISPB and for data entry of the effort into the DHS Integrated Security Management System (ISMS).

Once the PWS has been updated and the SCI 5Ws completed return both to (b)(7)(E) (b)(7)(E) for review.

After everything has been reviewed and approved a modification will need to be issued indicting the changes from SBU to Classified.

Personnel onboarding may not begin until receipt of an executed DD Form 254 from DHS HQ ISPB. Additionally, once the DD254 is issued, a modification to the contract will be necessary to incorporate and outline the terms of the DD254 to the vendor. Please have the COR contact PSU Industrial Security for assistance if necessary.

Thanks.

It also states that the Government will provide TS/SCI billets for at least four contractor personnel during such a national security event-related surge.

Usually for such security-related matters we receive a DD Form 254 (Contract Security Classification Specification) which provides security requirements and classification guidance. Dear (b)(6);(b)(7)(C)

Thank you very much for your reply and return submission. I have spoken with my contracting officers regarding Equitable Adjustment language which could be added to the FALCON contract. Their response was that, due to the contract being Firm Fixed Price, Equitable Adjustments in the form of additional financial compensation would not be appropriate. They suggested that any necessary Equitable Adjustments be extended to Palantir in the form of schedule adjustments (as we have done this year), or, in the case of extraordinary and repeated delays caused by governmental action or inaction (delays extend from Base Year into Option Year 2, as an example), we could discuss a change in scope (replacing the Outcome with a different, more feasible work product).

I will draft up proposed language for you to consider and send it to you tomorrow, along with my review of your replies received today. I will be mostly out of pocket today, occasionally checking emails (Take Your Child to Work Day).

Subject: Re: ICE Cloud BOE Calculation

(b)(6);(b)(7)(C)

(b)(6) I took this language from the previous SOO draft that we had been working on a few weeks ago. I'm attaching both a red-lined version and a cleaned (with edits accepted) version. Feel free to call/email with any questions.

We'll look at the PCN language for the PWS as soon as you send.

Thanks,

(b)(6);(b)(7)(C)

Subject: ICE Cloud BOE Calculation

Hi (b)(6);(b)(7)(C)

Thanks for finding the discrepancy on the cloud BOE calculation. We understand that the discount is not exactly (b)(6). Please use the lower number provided in our original ROM at (b)(6).

Best,

(b)(6);(b)(7)(C)
