Honorable John D. Bates  
Presiding Judge

Dear Judge Bates:

I am pleased to enclose written answers to the questions that you sent to me in your letter of [REDACTED] concerning bulk collection of metadata through pen register/trap and trace (PR/TT) devices authorized under the Foreign Intelligence Surveillance Act. Should the Court find it helpful, the Government is prepared to discuss our responses with you and your staff at the Court's convenience. We are continuing to work on responses to the additional issues raised and discussed during our meeting on [REDACTED] and will provide them to you shortly.

Let me once again thank both you and your staff for your consideration of the Government's proposal to re-initiate the National Security Agency's PR/TT metadata collection and analysis program. Should the Court have any additional questions, comments or concerns, please do not hesitate to contact me.

Sincerely,
