

SPECIAL PROJECT 1: OUT BRIEF

Public-Private Partnerships

JULY 8, 2019

SPECIAL PROJECT OBJECTIVE

Assess the relationship between the National Security Innovation Base (NSIB) and DoD and the IC. Identify options for improving cooperation between the NSIB, DoD, and the IC to increase the well-being of our citizens, strengthen the nation's entrepreneurial ecosystems, and protect the nation's security.

PURPOSE OF THE SECOND MEETING

- Strengthen entrepreneurial ecosystems nationwide for AI development and application by:
- Assessing Naval Surface Warfare Center Crane, Indiana, as a regional NSIB hub.
 - Identifying opportunities for expanding and accelerating AI development and application beyond Silicon Valley.
 - Develop recommendations for spurring additional regional NSIB hubs for AI.
