Resume

WORK EXPERIENCE

2000-Now ASSOCIATE VP OF IT AND CHIEF INFORMATION OFFICER. Georgetown University

- Successfully prepared two strategic plans and implemented a campus expansion, a state-of-the-art communications infrastructure, groundbreaking educational technology innovations, distance learning initiatives, web sites with security and e-commerce serving over one million annual visitors, and new administrative services, with a leading role in the selection and deployment of new University-wide ERP information systems for student records, finance, payroll, and human resources.
- Served on many campus and University committees as chair, co-chair, advisor, and member: the Technology Users Committee, the Teaching Committee, Web Group, Student Information System Replacement Project Committee, Data Warehouse, Emergency Preparedness and Response, Information Security Policy, Electronic Communications Policy, Acceptable Computer User Policy, and the joint librarian-CIO Information Systems Management Council of the University, the Master of Arts in Liberal Studies Review Committee, and numerous recruitment committees.
- Technology operations, and the award-winning redesigned data center, received very positive feedback on annual student surveys, accreditation body committee reports, and third-party reviews. The Institution was nominated one of the most wired law schools in the country by National Jurist magazine and some technology initiatives were profiled on NBC affiliates, Bloomberg News, Information Age, University Business, EDUCAUSE Review, ED Tech, Computer World, Hispanic Engineer, NBC affiliates, and TeleMadrid.
- Planned the opening of a new Center for Transnational Legal Studies in London, UK, leading a consortium of 10 world-class institutions.
- Adjunct faculty member teaching Ethics and Technology Management, Managing Information Security, and other graduate courses.

1998-2000 DIRECTOR OF INFORMATION TECHNOLOGY. University of Pennsylvania Law School

- Pioneered video streaming, deployed dynamic web sites, revamped network infrastructure and services, reengineered administrative services, and retrofitted 150-year old building for information technology and multimedia purposes.

1995-1998 LECTURER/DIRECTOR OF INFORMATION SERVICES. Washington Univ. School of Law

- Developed and implemented the first strategic plan for technology at this institution.
- Designed the technology of new building with a dual fiber optics/Fast Ethernet network.
- Revamped multimedia services and administrative systems.

Case 1:12-cv-00327-ABJ Document 18-14 Filed 11/30/12 Page 2 of 5

- Senior MIS lecturer in the School of Business, both undergraduate and graduate programs, at the University of Missouri in Saint Louis.

1993-97 MIS DIRECTOR. Saint Louis Zoological Park.

- Implemented a strategic plan, cost/benefit analyses, vendor consolidation, and project management methodologies.
- Deployed a Wide Area Network, Internet services, and Client/Server Systems.

1988-92 IT DIRECTOR. Technical External Training.

- Conducted and performed computing and organizational training and support, custom software development, and consulting for international corporations and government agencies throughout Europe.
- Advised government agencies and corporations on the fields of information systems design and upgrading, project management, application analysis, and communications.
- Computer Science Professor at Escuela de Hacienda Publica.

1986-88 INFORMATION SYSTEMS MANAGER. King's Documentation Centre.

- Managed the information systems of this British multinational company.
- Designed and implemented pioneer systems of automated document translation.

1983-91 JOURNALIST, ANALYST AND EDITOR-IN-CHIEF. INGELEK Technical Books.

- Wrote ten technical books, from Introduction to Computers to Programming.
- Technical Editor and writer of the Spanish Edition of PC Magazine.
- Editor-in-Chief of Informatica Personal, a national computing magazine.
- Journalist and programmer for three computer magazines and one newspaper.
